Bangkok, Thailand

Education

University of Gloucestershire

Bachelor of Science with Second Class Honours (2nd Division) March 2021

Computing (Level 6)

Technical Skills

- Swift
- UIKit
- SwiftUI
- Xcode
- Java
- VBA
- CShell
- Unix Scripting
- PLSQL
- Oracle/SQL Server
- Agile
- JSF
- Git
- SVN
- Flutter
- Dart

Experience

iOS Development Projects

Development iOS device application   January 2024 - Present

- Developed multiple iOS applications using Swift, UIKit, and SwiftUI.
- Worked on integrating RESTful APIs and handling JSON data.
- Implemented clean architecture principles in iOS projects to ensure a scalable, maintainable, and testable codebase.
- Applied design patterns such as MVC and MVVM to separate concerns and improve code organization.

DIR-Ace Technology

Senior Programmer (Offshore Development)   March 2023 – May 2024

- Led the development and maintenance of the PR systems for the web broker system using Java.
- Continued to utilize CShell and Excel VBA for advanced development and internal tool creation.
- Took a leading role in managing and optimizing Oracle database operations.

- Communicated regularly with the Japanese team for project confirmation and product delivery, ensuring seamless collaboration and meeting project deadlines.
- Provided mentorship and guidance to junior developers.

Programmer (Offshore Development)　　　　May 2022 – March 2023

- Developed and maintained the PR system of a financial security service web broker system using Java.
- Utilized CShell for scripting and automation tasks.
- Created internal tools for unit testing and test case creating using Excel VBA.
- Assisted in managing and optimizing Oracle database operations to support application functionalities.

Award

- Led the team to secure the second prize in the internal Quality Control competition, demonstrating excellence in project execution and quality standards.
